This premium Malbec spends 18 to 24 months in barrel, which allows it to receive its final touch of finesse, culminating in a truly exceptional offering.

'Luminoso' traces its roots back to the inaugural 3-acre block of Grenache, Syrah, and Mourvèdre planted at Corazón del Sol, crafting Argentina's maiden GSM blend. Situated at 3,600 feet in elevation, the vineyard channels the essence of Châteauneuf-du-Pape.

2023 'PADMA' ROSÉ OF GRENACHE

LOS CHACAYES - UCO VALLEY

'Padma' is the first 100% Grenache Rosé produced in Argentina and the highest-rated Rosé in the country. Using fruit exclusively from the stoniest rows of our estate vineyard (Block 6) within the Los Chacayes IG of the Uco Valley, 'Padma' has quickly become the most sought-after Rosé in South America.

Limited production from our single acre of Grenache planted in the high elevation and stone covered area of Los Chacayes. 'Padma' pays homage to Dr. Revana's childhood memories on a farm in Southern India, with its name inspired by the national flower of India, the Lotus.
